

## Accepted E-Posters

| Abstract ID | Title   | Author                 |
|-------------|---|------------------------|
| PP-01       | Study of cytomorphological features of thyroid lesions and its correlation with thyroid function tests - a prospective study  | Rajwinder Kaur         |
| PP-02       | Comparative study between mouriquandâ€™s grading and robinsonâ€™s grading system for reporting breast cytopathology and their histopathological correlation               | Saurabh Kumar Wadhwa   |
| PP-03       | Cytomorphological spectrum of enlarged lymph nodes  | Palak Gupta            |
| PP-04       | Usg guided fnac of ovarian lesions in a tertiary care teaching hospital: a cytohistological correlation   | Ayushi Arya            |
| PP-05       | Tuberculosis a rare extrapulmonary presentaion  | Shubham Mittal         |
| PP-06       | Concordance between cytology & histopathology findings in 30 tru- cut biopsies from lung.   | Shubhangi              |
| PP-07       | Impact of COVID-19 on Cervical Cancer Screening Rates and Patterns of Abnormal Cytology: Understanding the Disease Gravity associated with Psychological Trauma           | Shilakshi Singh        |
| PP-08       | The utility of cell block technique in 30 cases of malignant pleural effusions  | Samriti Saggar         |
| PP-09       | Fine Needle Aspiration Cytology in Parathyroid Lesions: A Diagnostic Dilemma Decoded  | Nupur Pradhan          |
| PP-10       | Extramedullary T-lymphoblastic blast crisis in a young male with chronic myeloid leukemia: A unique presentation diagnosed by flow cytometry on fine needle aspirate.     | Medeno Peseyie         |
| PP-11       | Comprehensive Cytopathologic, Flow cytometric, and Immunocytochemical Analysis of a Challenging Case of Small Cell Variant of Anaplastic Large T-cell Lymphoma in a Child | Deepika Chitara        |
| PP-12       | Pleural Fluid Homing by Anaplastic Large Cell Lymphoma- Cytopathologic Diagnosis of an Extremely Rare Presentation  | Gurnoor Kaur           |
| PP-13       | Proliferative Myositis : A rare masquerader of sarcoma- a case report   | Harish Kumar           |
| PP-14       | Cured but not free: Hodgkin lymphoma as an unexpected turn in a T-ALL survivor  | Prateek Singhal        |
| PP-15       | Gingival overgrowth with infiltration by abnormal promyelocytes â€“ A rare cytological diagnosis.   | Aman Kumar Boriya      |
| PP-16       | The unexpected path: a diagnostic triumph in a case of spindle cell melanoma presenting as liver sol  | S Ngailunching         |
| PP-17       | A rare chance on FNAC-CHROMOBLASTOMYCOSIS   | Amarnath Pukhrambam    |
| PP-18       | TRACKING THE TRACKER: "Bone Marrow Analysis in the Evaluation of Pancytopenia."   | Surbhi Chawla          |
| PP-19       | Spectrum of hematological disorders on bone marrow aspirate examination   | Meghana Yadav          |
| PP-20       | The Hypersplenism Odyssey: A Journey Through Challenging Cases  | Garima Kumari Gupta    |
| PP-21       | CBFA2T3::GLIS2 Fusion in Infant AML: A Challenging Case of RAM Immunophenotype  | Mansi Mehrotra         |
| PP-22       | Rare presentation of Adult T-cell leukaemia/lymphoma mimicking Hodgkin lymphoma- A case report  | Poorva Narendra Gurjar |

|       |   |                                 |
|-------|---|---------------------------------|
| PP-23 | Unmasking the Mimic: Hodgkins Lymphoma Presenting as Abdominal Tuberculosis   | Parul Parul                     |
| PP-24 | Clinico-hematological spectrum of anemias in geriatric patients at a tertiary care hospital   | Astha Narula                    |
| PP-25 | Tiny fighter: unmasking hemolytic anemia  | Arshdeep Kaur                   |
| PP-26 | Sezary syndrome - decoding the mystery of a rare disease  | Gazal                           |
| PP-27 | Plasmablastic myeloma: unveiling its aggressive course and clinical challenges  | Dolly Dhamija                   |
| PP-28 | DVET as a treatment of Rh incompatibility: Case report  | Harshita Gupta                  |
| PP-29 | Leucocytosis : Paraneoplastic syndrome  | Anita Tahlan                    |
| PP-30 | Bone marrow tuberculosis: a disease in disguise   | Mayachi K Marak                 |
| PP-31 | Megalospleniawith hypocellular marrowposing a diagnostic dilemma: a minicase series   | Japna                           |
| PP-32 | Is Microscopy still relevant in today advanced AI era?  | Palak Mayer                     |
| PP-33 | Plasma cell leukemia presenting as cutaneous plasmacytoma: A case report  | Mayur Nakum                     |
| PP-34 | Histopathological Analysis of Skin Appendageal Tumours: Navigating the diagnostic difficulties  | Aanchal                         |
| PP-35 | Histopathological evaluation of endometrium in women with postmenopausal bleeding reporting to a tertiary care centre - a prospective study | Pooja Yadav                     |
| PP-36 | Urinary bladder paraganglioma: a rare case report   | Sudha Gupta                     |
| PP-37 | Correlation of higher grade BI-RADS lesions with its histopathology in Breast masses.   | Shekh Mahamad Javid<br>Yakubhai |
| PP-38 | Recurrent Malignant Meningeal Solitary Fibrous tumour/hemangiopericytoma (SFT/HPC)  | Sanjeev Saini                   |
| PP-39 | Clinical recognition and approach to soft tissue tumors   | Kriti Sagar                     |
| PP-40 | Malignant pecoma of ovary- A rare case report   | Reetika Sharma                  |
| PP-41 | Oncocytic variant of papillary thyroid carcinoma and associated lymphocytic thyroiditis   | Ombir Saini                     |
| PP-42 | Histopathological spectrum of inflammatory bowel disease and colitis lesions in colonoscopic biopsies at a tertiary care centre             | Jyoti Arya                      |
| PP-43 | A case report on Endometrial osseous metaplasia- a rare entity  | Shefali Gupta                   |
| PP-44 | Dermoid cyst of the ovary with co-existent Mucinous cystadenoma   | Rashpinder Kaur                 |
| PP-45 | Melanoacanthoma of external ear-a rare case report.   | Ningthoujam Surjakanta<br>Singh |
| PP-46 | Endometrial adenocarcinoma( clear cell carcimoma)   | Samridhi Kaur                   |
| PP-47 | Pleomorphic leiomyosarcoma of forearm - a rare case report  | Puneet Saini                    |
| PP-48 | NIFTP   | Gaurav Jaglan                   |
| PP-49 | Nasal Mucosal Malignant Melanoma : A Rare case  | Amritjot Kaur                   |
| PP-50 | Glomangioma: a histopathological perspective  | Abhipsa Vats                    |

|       |   |                       |
|-------|---|-----------------------|
| PP-51 | Exploring the rare phenomenon of osseous metaplasia in gastrointestinal stromal tumor: diagnostic challenges & insights                 | Aditi Sharma          |
| PP-52 | Inflammatory Myofibroblastic Tumour of the Thigh  | Shivarika Maini Maini |
| PP-53 | A Cytohistopathological correlation of Parotid gland Lymphoepithelial carcinoma: A rare case report                                     | Yakala Shreyas        |
| PP-54 | Adenomyoepithelioma of breast: A rare entity  | Drishti Singla        |
| PP-55 | A coal black thyroid nodule: morphological curiosity and a not to be missed cytodiagnosis   | Babita Goyal          |
| PP-56 | Collision Tumour of the Appendix: Low grade Appendiceal mucinous neoplasm (LAMN) and Neuroendocrine tumour (NET) in an 82-year-old Male | Prabal Saha           |
| PP-57 | Invasive Cribriform carcinoma of Breast   | Anirudh Singh         |
| PP-58 | Malignant pleural Mesothelioma  | Ayushi Rana           |
| PP-59 | Left supraclavicular osteosarcoma -A Rare Manifestation diagnosed on histo pathology.   | Nehil Srivastava      |
| PP-60 | Myelolipoma   | Seema Kaur            |
| PP-61 | Pilomatricoma of the arm - a case report  | Rupam Rampal          |
| PP-62 | TITLE-Intracholecystic Papillary Neoplasm (ICPN) diagnosis following laparoscopic cholecystectomy-Case Report                           | Dr Deepshikha         |
| PP-63 | Hpv related multiphenotypic sinonasal carcinoma: an emerging entity in an unusual location  | Swaty Mangla          |
| PP-64 | Synovial sarcoma- lesser known sites  | Srishti Sharma        |
| PP-65 | Neuroendocrine carcinoma of the urinary bladder:A rare manifestation :A case report with review of literature.                          | Shobhit Pal           |
| PP-66 | Carcinoma peritonei masquerading as abdominal tuberculosis, a case report: a diagnostic dilemma   | Manminder Kaur        |
| PP-67 | Radiation induced synovial sarcoma presenting as external auditory canal polyp  | Mugdha Gautam         |
| PP-68 | Ewings Sarcoma of the Vulva: Manifestation of the Unexpected  | Pallak Batalia        |
| PP-69 | A rare localization of small-cell carcinoma in the vallecule.   | Sunita Singh          |
| PP-70 | Primary ALK-Negative ALCL of the Small Intestine: First Report from the Indian Subcontinent.  | Tanisha Singla        |
| PP-71 | The uncommon appendicitis: appendicular tuberculosis  | Divya Sardana         |
| PP-72 | Primary malignant melanoma of cervix: a rare entity   | Mayank Tandan         |
| PP-73 | Histopathological variants of glomus tumor- a case series   | Harleen Kaur          |
| PP-74 | Endometrial Carcinoma Masquerading as Breast Cancer:A Diagnostic Challenge  | Swati                 |
| PP-75 | Title: Immunohistochemical expression of Prostate Specific Antigen (PSA) in Benign and Malignant Breast lesions.                        | Sumiti Gupta          |

|       |  |                            |
|-------|--|----------------------------|
| PP-76 | Solitary Fibrous Tumor of Thigh : A Rare Case Report   | Ruchika Sharma             |
| PP-77 | A rare case of Scar Endometriosis after Caesarean section; Disguised as inguinal swelling            | Mandeep Singh Sondh        |
| PP-78 | Hepatic angiomyolipoma: A giant mass in a non-cirrhotic liver  | Aayushi Dutta              |
| PP-79 | Acute Tubular Injury: A comparative analysis of two cases with distinct etiologies                   | Shailz Daroch              |
| PP-80 | Primary squamous cell carcinoma of urinary bladder - a rare entity                                   | Subhijit Kaur              |
| PP-81 | Post mortem identification of angioimmunoblastic t follicular helper cell lymphoma                   | Debabrata Mandal           |
| PP-82 | A Cytohistopathological correlation of Subependymal giant cell astrocytoma (SEGA)                    | Sapna Negi                 |
| PP-83 | Retroperitoneum teratoma   | Nikita Jamwal              |
| PP-84 | Ankylosing spondylitis and renal amyloidosis: impact of prolonged NSAID                              | Vishnu Swaroop Shrivastava |
| PP-85 | Challenging Sarcoma Mimic: A Case Report on Superficial CD34-Positive Fibroblastic Tumor             | Shriya Sharma              |
| PP-86 | Cladophialophora bantiana causing brain abscess: A case report                                       | Shafira Garg               |
| PP-87 | Unboxing the Unusual: Splendore-Hoeppli Surprise - A Rare Presentation of Soft Tissue Actinomycosis. | Prarthana J                |
| PP-88 | Unravelling Primary Synovial Sarcoma of the Kidney: A Rare and Aggressive Tumor                      | Aashna                     |
| PP-89 | Carcinoma gall bladder- case series  | Shagun Arora               |
| PP-90 | A Primary Malignant Melanoma of lung: a case report.   | Tushar Vijay More          |
| PP-91 | Clinical and Autopsy Study of a Young Woman with ARDS and Septic Shock                               | Shimreeth Hannah           |
| PP-92 | Report of a rare case- Serous cystadenoma of pancreas  | Shreya Gupta               |
| PP-93 | Primary Splenic mesothelioma: A rare entity  | Nisha Marwah               |
